## THE STORY BEGINS...

Xeroland is multi-planet highly advanced society of vast, interstellar Culture happy, fulfilled citizens. We were first introduced to Xeroland through Imran Series, an Urdu spy novel series created by highly acclaimed Pakistani spy fiction writer Asrar Ahmad with pen name Ibn-e-Safi during and after 1950s.

The story of Xeroland is set in the backdrop of futuristic, sci-fi habitats on earth, space, and other planets, unknown to human civilization of 21st century. Technological advancements by Xeroland scientists helped them overcome or bend laws of physics and made them capable of time travel, interplanetary travel, telepathy, telekinesis, perception manipulation, invulnerability, immortality, teleportation, invisibility, phasing, and shape shifting are some examples.

Visitors, Delegates, Workers, Residents and Citizens of Xeroland Habitats have different access & ownership levels of information, intelligence, Maps, Avatars, Assets, Gadgets, Powers, and Rewards. Xeroland has its own economy model, currency, valuables, culture, traditions, governance model, political system, social norms, commerce and trade and intergalactic relations.
